One night when Molly and McGee were bonding I so badly wanted to write, "If the owl box is a-rockin' don't come a-knockin'," but there were so many children on then I didn't dare!

Since we may have a little while before the next delivery, quick question: I'd really like to set up my avatar, tried numerous times, seems to be processing but doesn't seem to work. I'm using a pic from my computer, since I'm not on facebook, etc. Thanks.

I posted these pictures yesterday, but thought the night crowd would enjoy them. The Chickadee has taken up residence in a birdhouse my 14 year old son built, and the Great Horned Owl spent all of Sunday, in a tall pine tree by our shed. Very uncommon to see this kind of owl in the city, so we felt very privileged!

Owlets are screeching

Night shift owlies logging in

Another Haiku night

Need plenty of food

Rabbits, gophers and mice oh my

Deliver please when I'm watching

Babies already getting their feathers

Beautiful golden ones they will be

Soon they will be flying

Taking our hearts with them into the night

Molly and McGee

Come back for another clutch  
We may have more sleepless nights  
But joyful hearts will be grateful.

Maggie, I read some excellent advice yesterday. Keep your mouse out of the white area (all the white space where the words are) and posts will comely free. If your mouse is in the white area, the posts will back up. Try keeping your mouse to the side after you post and see if that helps.

To have been able to experience these moments in time with my grandchildren and with caring people around the world, has been incredible. Thank you Carlos for your efforts, dedication, and talent to give us what we have had these past several weeks. As the owlets peer out their home, we cannot wonder what they are thinking. When they leave, we will be sad yet happy as one adventure ends and another will begin for Max, Austin, Pattison, Wesley and parents, Molly and McGee. Blessings to you all.

Poem from Molly to McGee

How do I love McGee? Let me count the ways.  
I love McGee to the depth and height  
My wings can reach when feeling out-of-sight.  
I love McGee to the level of everyday's  
Most quiet need, by sun and moonlight  
I love him freely, as he soars across the fields  
I love him purely, I love him deeply when he brings about a possum in his mouth.

I didn't finish it, because I have to go.

(Elizabeth Barrett Browning, modified)

I have to return to the dorm now - I wish that I could stay.

I am going to be adopted on July 08 - I will have my own parents, I hope in my heart that they, too, will enjoy being parents to children whom have never had the honor of saying those three magnificent letters - MOM. I always cry (happy tears) when I hear the word mom -

I'm just silly, sorry to ramble on like this.

Molly and McGee helped me realize what a family would/could be like hence my appreciation to them and Carlos.

Goodnight.

 No, Laura, that's a different one and probably the 'official' one. My theory? Don't get mad! My theory is that FB may have taken it down because it wasn't the official Molly the Owl fan page. FB does things like that to protect public figures. Yes, there are 3 other 'molly the owl' 'pages' now, but they seem tiny and maybe haven't seemed to be a 'threat'. I just keep wondering, who the heck was the administrator of it? Who set it up? Nobody here knows?

 I saw Molly fly in last night with a rat and stand at the door. The older ones kept trying to snatch it from her but she wouldn't let them have it. Then, she took the rat in her mouth and forced her way past them into the box. I assume she was making sure the ones in the back got fed. I thought that was interesting. Plus, during the daytime, I see carcasses on the floor. So, I think they get plenty to eat plus food for the 'pantry' to eat during the day.
