17908 votes

Live Barn Owl Nest Box Cam - San Marcos, CA

This is a live feed of a wild female barn owl named Molly. The owl box is located 15 feet off the ground. The male(McGee) has a white chest and face. He usually shows up after dark but has spent an entire day with the female. **For more information about the owls and this cam.** [Click Here](#)

Aaaannnnndd, I'M BACK!! Hello, my loves. I've missed you today. Looks like our littles are resting up for a big night.

SLEEP-TALKING HUBBY STORY:
Wes and Austin had flown off, and I had decided to try to get more sleep last night. So I turned the computer off, and as I was putting it away, I heard hubby kinda mumble "huhhhh?". I said something like "The kids are gone for the night. I'm coming to bed".
Still sleeping, he reaches over, in that you-know-what-that-means kinda way and says:
"hooonnnneeyyy, the kids are gone...."

Do I need to mention that he fell right back asleep?

Today, 18:06:44 - [Flag](#) - [Like](#) - [Reply](#)

Owosaurus
I think you mean Kate. Can't recall the last name but it begins with a W. I remember she is a Kate because so am I but I am definitely not her.
I do think it's too bad when some of the controversial conversations get flagged. They are interesting and everyone has a right to their opinion. Kate W... has been highly critical - I would have to say 'hasty' - about Carbs in the past so I understand why it puts people off. She only posts to complain, so of course her posts are suspicious.

Just stopping in for a peek before I go to bed.

From the sounds of things this morning, today might very well be the last that we see them in the box. Or at least Austin. From the sounds of everyone's postings this morning, it seems that he was undecided about whether to go in the box or to the palm tree with Max and Pattison.

I might just have changed my mind after reading further more of the chat. Adam doesn't like Drew Carey on the new Prius is right, but thinks Bob Barker is tops. So - either Adam is far older than 13 or 14 (of course we all know that Adam is "old" beyond his years 😊) or JH is far younger than any of us think. Nah, I'll still stick with Em's thoughts.

I guess I wasn't very clear, Owlb. I know that posting lots of photos and screen shots slow things down. And posting of URL links don't seem to bother. What I was thinking of was embedding the actual video as a part of the chat. I was wondering if those caused things to mess up in the chat. I'm certainly no expert (far from it) and I have no idea how these things work.

Speaking from long personal experience here - I believe it is the U S t r e a m site which causes the locked screens and slow PCs. I've heard Carlos complain about it, I've experienced it on all browsers, IF, and only IF I have anything from the UST Site chat open on screen. When I have Flash blocked completely, then only allow through the video feeds without allowing through the Blue box info, I can leave a browser open for 12 hours and it will continue to play the video and the chat here works just fine. But, IF I allow the Blue box info, AKA the hidden Flash Chat from the UST site, then my screen wants to lock up every couple hours. Maybe related, maybe coincidence, but that's what I've noticed. The photos and videos embedded here have very little to nothing to do with it.

Cinda Browne

What a great idea! I've already got it as my wallpaper on my home computer and my work computer.

burnee

See they're both gently swaying as if they're at one with the breeze lol

OH!!! I guess I have looked really STUPID at times since there is more than one Purdy and Becky. Hope there's not been too much confusion 😊😊

No worries!! The Beckys are seldom posters, and the Purdy is used as a middle name! I just take it for granted you guys mean me!

The blue box info about the stream 'horking' cracked me up, considering our 'hork' conversation this morning.

Dear Bob and Mary Carrol, Thanks so much for the information on ordering the Molly book. Going to go on right now and place that order. Can't wait to see it! Looks like it is as windy in San Marcos as it is here in Ipswich!

Jude - you said below that you wanted to change your name back to "Jude". You can do that just by clicking on your name at the top where you would post an original message. Mouse over it and it will give you a "click to edit" message. You can change your posted name without breaking the link to your other posts.

Owlosaurus is the best, Jude...stick around and you'll see!

(Owlo, Jude and I live in the same town and have been friends since we were in our twenties...so funny to be chatting with each other here!)

Just here for a little while & then "I'LL BE BACK". "wake up wesley" is just too sweet. When that was going on I was in the room by myself. I got tickled just listening to myself laugh out loud.
